Aurora

Inspired by the yearning for freedom and the pursuit of art

[Aurora] is created for people who pursues a quality life

Who likes a little luxurious but not grandiose affordable luxury style

Break the conventional layout by the innovative F-shape kitchen to create a new space

It's the first choice for a family of three or four

Enjoy the Aurora with a luxurious dream

HOT

Run freely
In a colorful world

Exquisitely carved bright light
Ingenuity sparkles
For people who loves the affordable luxury style

① Glacier ash × ② Frost white

The new crystal board with nature-like ice lines, glacier Ash combine with Frost White, wear-resistant and scratch-resistant, combined with obsidian black countertop, create a high-grade color system of black-white-gray in the kitchen.

Pivot hinge aluminum frame door

The narrow aluminum frame door with inner circular arc design, combined with semi-transparent black glass, creating a sense of openness.

Open unit with back panel lighting

Suitable for the storage of frequently-used seasonings, and can also be a decoration.

Antique Copper metal vertical partition panel

Combined with open shelf panel, not only highlights the quality but also ensures the durability of details.

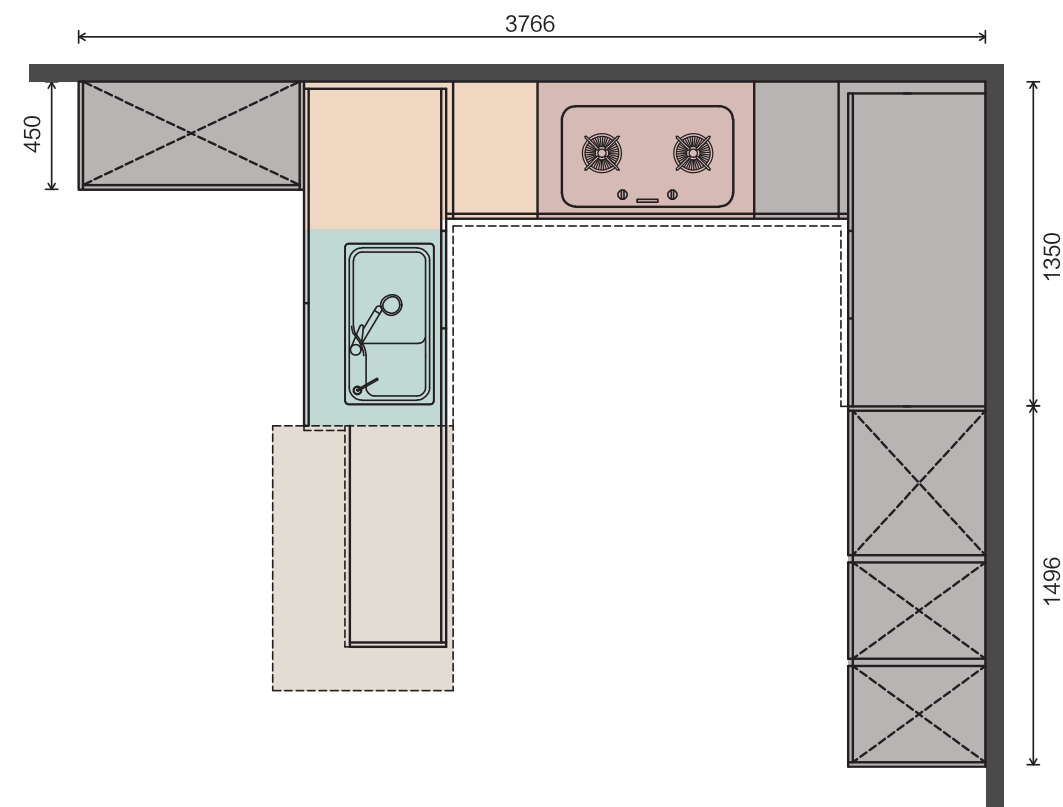

Leisure snack bar

Extend the corner floor cabinet to create a leisure bar for parents and children & leisure, communicate and interact at any time.

4 major system upgrades

Science division, complete in one step

Be with your family all the time

Break the conventional layout by the innovative F-shape kitchen to create a new space. Not only retains the original washing-cutting-frying traffic flow, but also break through the limitations of space. Extended the corner cabinet to create two new interactive spaces for cooking and dining.

- Washing area
- Preparation area
- Cooking area
- Storage area
- Exchange area

EFFICIENT STORAGE

01

Washing upgrade

Open washing space, 360°Free rotating faucet and hydrophobic nano-technology sink.

02

Preparing upgrade

Expand the operation space for preparing meals, which is suitable for family to cook together, can also be used as a mini bar.

03

Cooking upgrade

FOTILE range hood+stove package, large firepower ,large suction, create a comfortable cooking environment.

04

Storage upgrade

The basket linked with tall unit, not only expand the storage area, goods can also be sorted more orderly, convenient to find and take.

Stuttgart

Optimize quality life

To custom the affordable
luxury style of kitchen

Many people travel
all over the world

But still miss the taste of home food

When human world and
art meet by chance

When the brilliant color matches
the soul of the material

You will be surprised by the
artistic conception of a space

So free and unique

This is the unique charm
of this kitchen

HOT

Hot sale
All-powerful and
high-equipped

Customize a good kitchen, achieve quality life

Explore the true meaning of perfect kitchen life

Narrow-sided aluminum frame door + rainbow striped glass

Glass, aluminum frame and door panels are three different materials, which combine a unique sense of hazy.

Embedded side panel lights

The lighting system is embedded in the side door panels to light up the kitchen interior and be visible in and out.

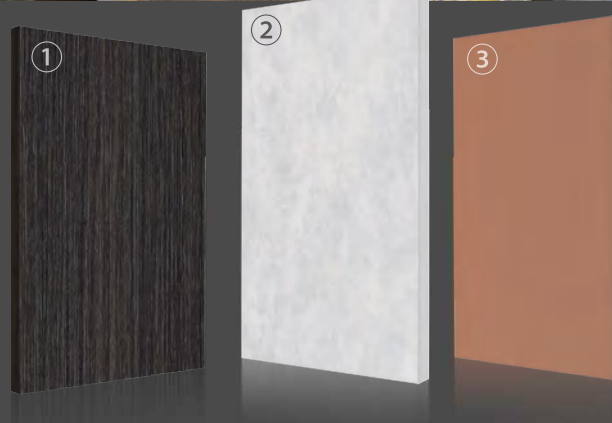

Metal cabinets on the countertop

Store the bottles and cans commonly used in the kitchen to create a clean and natural living atmosphere in the kitchen.

36mm black knight wood bar

Thick but warm, especially the diagonal foot of the bar, adding a touch of art.

- ① Black knight
- ② Warm grey stone
- ③ Hermes orange

Dark black knight with light warm grey stone, embellished with Hermes orange, high-end, fashionable and luxurious color scheme.

4 major system upgrades

Golden triangle, science division

01

Double basin washing

Food and kitchen supplies are washed in different basin, avoid bacterial cross-contamination, clean and tidy.

02

The black narrow frame and the brown glass cabinet generates the colors collide, and inject the soul design into the whole space.

Sky white quartz stone countertop

The color is neat and bright, and at the same time has ultra-high wear and corrosion resistance, strong anti-permeability.

25mm thick wood bar

Wood color with U-shaped bent black metal feet, the shape is novel and unique, calm and atmospheric.

- ① French feather sand
- ② Warm grey stone
- ③ Hermes orange

The matching of different panel materials shows the atmosphere and elegance of the overall space. Coupled with the embellishment of Hermes orange, it looks more luxurious and high-quality.

MILAN SKYLINE

SIMPLE EUROPEAN

Elegant romance at first sight

01

Turin Romance

- | Modern European Mood
- | Metal
- | Relaxed and elegant
- | Warm wood grain

Turin Romance

Originated in Turin, Italy

This holy temple of art,

Continuing its unique romantic artistic style,

With entry luxurious fashion elements to portray the feelings of Modern European style,

Deliver to kitchen with a scent of fireworks

Give the artistic sense of classic,

The integration of Chinese and Western life brings new functions to the kitchen,

Allows you to enjoy life gracefully.

HOT

Simple European style
Romantic

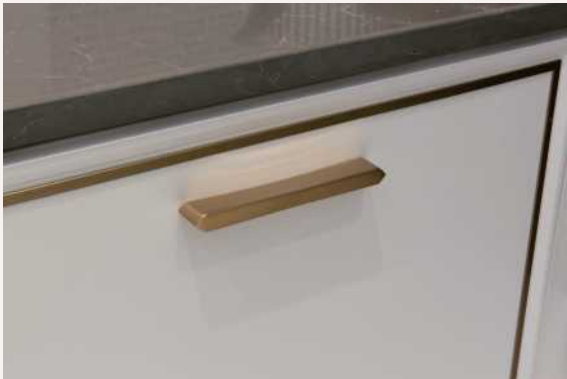

Extreme pure and beautiful
Rigidity and softness in mix

- ① White feather sand
 - ② Light chestnut ash
- Metal lines into a simple and stylish door shape, elegant color matching. The integration of fluted glass makes the space crystal clear, fresh and elegant.

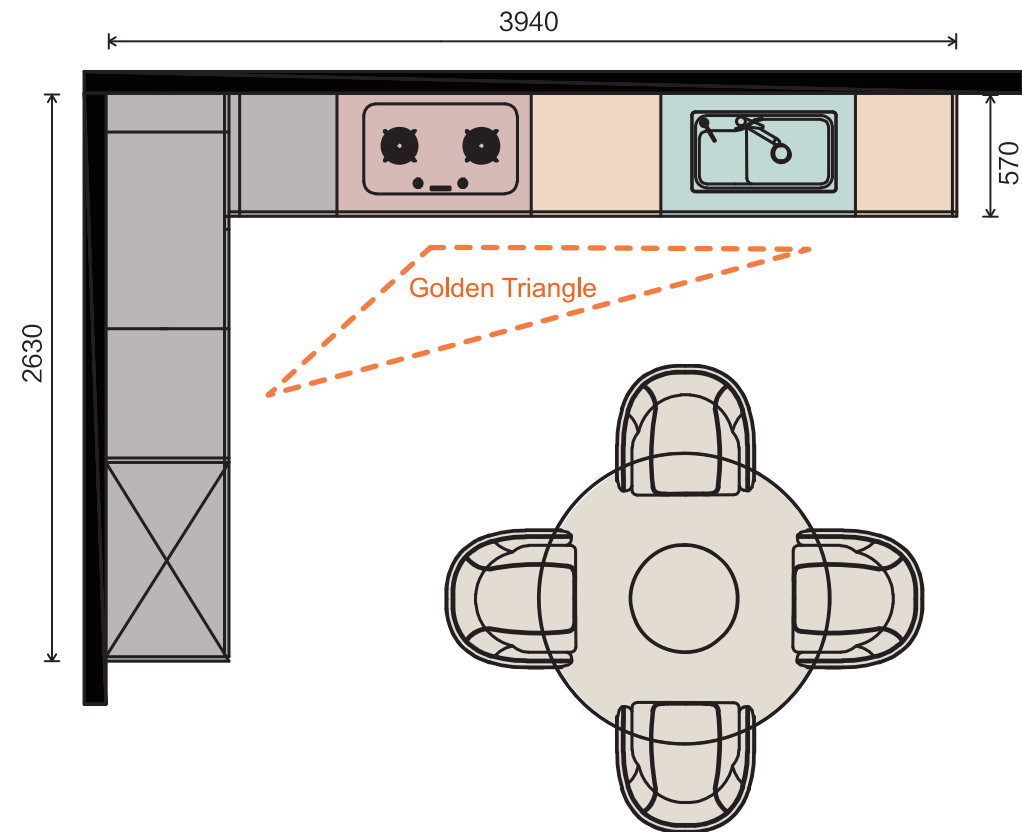

- Fluted glass tall unit
 - Glass open grid
- High and low partition storage. Feel free to store alcohol and food, etc.
- Artistic expression of light, brown glass plus laminate aluminum front.

- High and low countertops
 - Diamond-shaped skinny waist handle
- Quartz stone countertop, wear-resistant and stain-resistant, the high and low staggering is more suitable for Chinese and Western cooking.
- Fashionable and exquisite, rounded touch for more comfortable use.

4 major system upgrades

Scientific layout, entertainment interaction

A happy time together in DIY baking

The kitchen has a western kitchen baking area.
The layout of washing, cutting and frying gold operation line is adopted.
Not only can you cook and stir-fry.
You can also accompany your children to bake together.
Let family members interact and enjoy interacting.

■ Washing area ■ Preparation area ■ Cooking area

■ Storage area ■ Exchange area

Blum storage drawer

01

Expand the space below the baking area for a large, exclusive storage. Small baking utensils with strong load-bearing capacity.

Corner tray basket

02

Make the most of the corner space and pull the pots and pans with ease. That is, to the front of the body, double-layer partition, three-dimensional storage.

Seasoning basket

03

Neatly store a variety of flavored bottles and cans, all kinds of small pieces of kitchen utensils so that they do not stick to the oil smoke.

Three-sided dishes/ flat net pull basket

04

The upper layer of dishes, the lower pots and pans, all in it, Vertical separation and storage, more convenient to pick up and place.

- | Modern simple

Paris Shadow

Restore the true colors of life

The modern simple style is in vogue

What is the true meaning of life?

I think it's the peace of
coming home from work

It is the comfort that flows through
the body and mind

It is to abandon the complexity of
pursuing the realism of the self

Let's walk into this set together

A kitchen that fits 99% with simplicity

Let go of the body and mind
and feel it together

The original delicate texture

HOT

Natural life
Modern simple

Create and enjoy the beauty of life
 Enjoy the pop color cabinetry
 Carry naturalism to the end

① Ancona walnut × ② Emerald marble

Warm wood grain and gray stone grain to match, highlight the natural and delicate texture of the material, more attention to detail.

Metal open shelf

A variety of items can be placed, combined storage and display.

Metal cabinets on the countertop

Metal combined with wood. Display, storage and lighting in one.

Handle-free high cabinet

Minimalist appearance
 Storage function
 Open with a gentle pull

Stylish bar

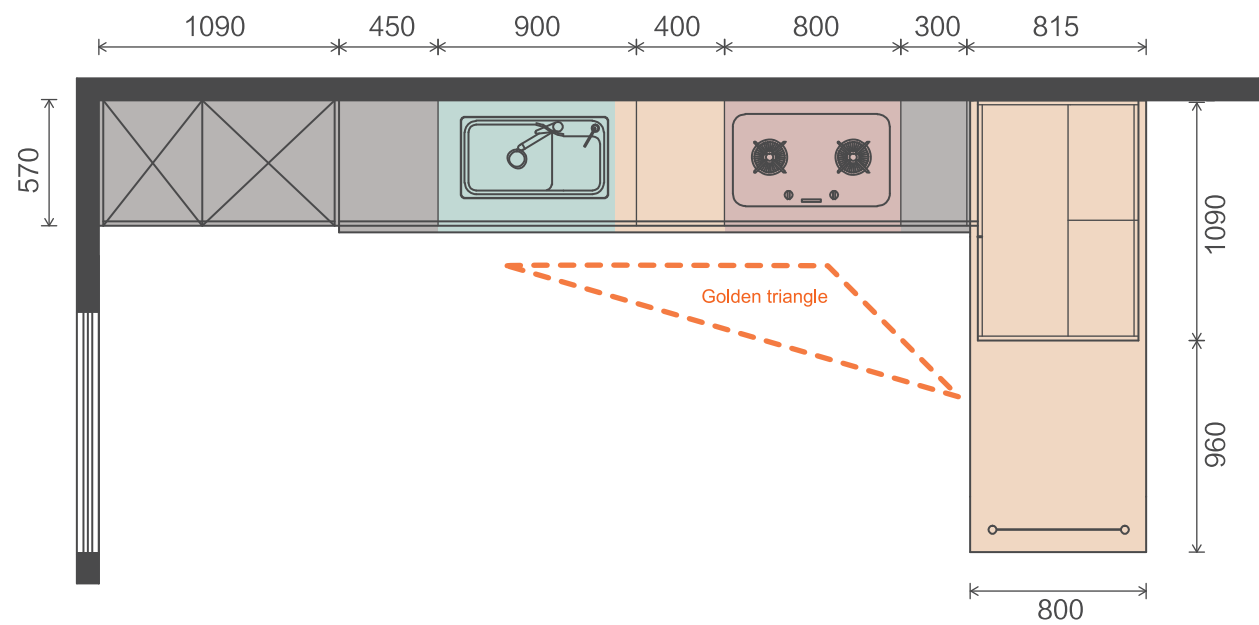

Side 45° slope + metal
 Bar foot + locker

45° aluminum edged banding door panels

45° angles break the conventional door type, The shape is simple, practical and durable.

4 major system upgrades
Scientific moving line
Cook efficiently

I shape + bar
Open kitchen

Following the fixed partitioning mode of Chinese kitchen
Open design with Western kitchen

■ Washing area | ■ Preparation area | ■ Cooking area | ■ Storage area

EFFICIENT STORAGE

01

Washing upgrade

Kitchen high-tech basin +
360° rotation pull-out faucet,
easy washing.

02

Preparing upgrade

I-shaped meal preparation pattern,
get rid of messy,
cooking is orderly.

03

Cooking upgrade

Famous brand electrical appliances
are easy to use and clean,
